

CHAIN DISK CORNER

An automatic feeder line accessory used for turning at the corner of the feed line pipe.

Customizable

Stainless Steel Casing

Cast Steel Wheel

PRODUCT ADVANTAGES

INCREASED INTERNAL CORNER SPACE:

Creatively increases internal corner space, allowing feed to flow effortlessly and ensuring smooth operation of the feeder line.

CORNER SHELL:

The outer shell is stamped from 304 stainless steel, providing waterproof, rust-resistant, and corrosion-resistant properties with a 20-year lifespan.

INTERNAL WHEEL:

The internal wheel is made of cast steel and equipped with a material-dropping device, which can discharge excess feed in the corner without blockages.

FULLY WATERPROOF CONSTRUCTION:

Prevents water vapor from entering the feeder line, protecting feed from moisture and reducing the risk of pig diseases.

PRODUCT APPLICATION

COMPANY INTRODUCTION

At DebaBrother, we specialize in providing top-quality animal husbandry equipment designed to enhance the lives of animals and their caretakers. Conveniently based in Qingdao, Shandong province, our location offers easy access to sea transportation, allowing us to efficiently serve our customers. Since our establishment in 2010, we have focused on developing and supplying comfortable, efficient equipment for animals, including pig stalls, pig flooring, and pig feeders.

Today, DebaBrother is recognized as a leading high-end brand in China, with our products exported to Europe, Australia, Russia, the USA, and Latin America.

We pride ourselves on offering reliable quality and competitive pricing, fostering long-term partnerships with our customers who provide valuable feedback to help us continuously improve our products. In addition to our standard offerings, we
